## ABOUT ME.

Hi my name is Maria Turk. I'm a freelance ux designer. I'm extremely reliable and can communicate quite well. I work well in a team and on my own depending on the circumstance and have experience working with clients with an ability to assess their needs and work out the design with them. These clients have included high profile ones such as Google, Rayban, Landrover, Vodafone, Motorola and Sony. I am able to create work to tight deadlines and am familiar with several project management processes including agile.

## AWARDS.

2014

### Honda Type-R

Site of the day & month/FWA & Awwwards

I helped design the user experience for the award winning Honda Type-R experience. I developed the initial concept and made it work for mobile and tablet.

2014

### Google Devart

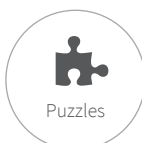

Site of the day/FWA

I designed the mobile menu for the Devart site, a site created in conjunction with Google creative labs. It brought art and code together at the Barbican center in London.
